

TELUS Farm Payroll Migration Pack

1

Watch the TELUS Farm Payroll - Setup Video

Begin by watching the [help video](#) for an overview of the setup process. It explains what you'll need, introduces the main steps, and helps ensure you're ready to proceed

3

Follow migration guidance

This will support in transitioning your data from Earnie into TELUS Farm Payroll.

2

Work through the Migration Checklist

Follow this along with the Migration Guidance to setup TELUS Farm Payroll and transfer your Earnie data

4

Invest in your future

You can register for a paid training webinar for expert guidance and answers during your migration. To sign up, please contact our [Sales Team](#)

What happens if...

You experience an issue with migration

Please work through the migration checklist and guidance provided, but if you have a query that cannot be resolved using the relevant help, contact our Support Team quoting the checklist task reference number.

You use My ePay window or requires auto-enrollment

Please notify our support team at farmlansupport@telusagcg.com 7 days prior to your first live payrun in TELUS Farm Payroll to allow TELUS Agriculture & Consumer Goods to re-configure My ePay window from Earnie to TELUS Farm Payroll.
